

Reject the NAB's petition 04-160!!! I support XM's ability to provide the kind of programming that I demand and deserve. I travel all over the state of Florida and without having to distract myself by searching through my FM radio to find the news, weather or traffic and cause an accident I PAY for the use of my XM so that these very important stations are already programmed into my XM and I just use the few buttons on my remote that I have memorized!! Please oppose HR 4026!!!!!! Thank you for your cooperation in this matter,
